

There are two ways to capture video on your iPhone 4...

Without a Fostex AR-4i

- ✓ Capture video in stunning 720p HD quality

With a Fostex AR-4i

- ✓ Capture video in stunning 720p HD quality
- ✓ Record pristine quality stereo sound using the supplied plug-in powered condenser cardioid mics. (Third-party microphones can also be used).
- ✓ Fully control of input gain via thumbwheel & 4-dot LED input level meter
- ✓ Use the supplied handheld grip or mount on camera rig, tripod etc. using either of two threaded mounts
- ✓ Use free App for precise setting of Pan, Low Cut Filter, Limiter, etc.
- ✓ Headphone monitoring of input and recorded audio on iPhone 4

AR-4i

Audio Interface for iPhone 4
