MAX-Wall™

Modular Acoustical Environment

Auralex® MAX-Wall™ P.O.P. Signage

Contents:

- (1) - 1'x1' MAX-Wall 420 Action Photo Sign
- (1) - "GOBOS on Steroids" Sign
- (4) - Wire Harness Wire ties
- (4) - Adhesive backed wire harness flat mounts with wire tie loop

Installation:

- **Figure A** shows how each MAX-Wall POP sign will fasten around the 18" Telescope extension (*included in the MAX-Wall 420 kits*).
- **Figure B** shows how each POP sign's intended display appearance.

TIP: Before you are finished attaching these POP signs, be sure to adjust the height of each of the mic stand's center post and 18" extension so that it rides flush with the top edge of each POP sign and does not stick out above the top edge of either signage. If you have any questions call your Auralex Regional Manager.
